The New Generation of Live-streaming

Social distancing has changed our industry. Don't be left behind. Ask the Director™ offers an affordable live-streaming solution with no annual contracts or expensive equipment required.

Finally!! Affordable, Simple Live-streaming for Your Families!

In partnership with Gemini Graphics we are happy to offer a live-streaming service built for funeral homes. At **ONLY \$95/month**, with it's included features, it is the **most affordable live-streaming service on the market**. Get a complete, easy-to-use live streaming solution for funeral homes on a professional grade online video platform.

It's Simple!

All you need to live-stream is a strong signal (Internet or mobile data) and a camera (hand-held/stand-alone, laptop, iOS/Android tablet or cell phone). If you are in a place without a strong signal, that is where VOD (Video on Demand) comes in. Record directly to your device of choice and then upload to our professional grade online video platform for viewing any time.

It's Reliable!

We teach you how to get the most out of your live-streaming channels. Easy "day of" testing ensures your viewers get a perfect live-stream viewable on ANY smartphone, tablet or computer. And having your own dedicated channels means no annoying or inappropriate ads will distract from your live-streamed content or your brand.

INCLUDED Live-streaming Features:

- ✓ Secure Platform
- ✓ Unlimited Viewers
- ✓ Unlimited Live-streams
- ✓ 2 Dedicated Live Channels
- ✓ HD Broadcasting
